

Attends® | The Smart Choice in Incontinence Care™

Insert Pads

Compared to other moderate incontinence offerings, Attends Insert Pads® are primarily for use by women during an acute medical need such as surgery, post partum, and OB/GYN care.

Adhesive patch

INCONTINENCE LEVEL

- Microporous inner liner wicks wetness away from the skin
- Poly outer covering prevents leakage
- Hold-in-place adhesive patch
- Leading product for post-partum acute care, allowing nurse to measure leakage rate
- Latex free

Pad Length	Catalog Number	Case Count	Inner Packaging
